Re: Public Law 18-66 – Appropriations and Budget Authority Act of 2015

Dear Senate President Torres and Speaker Deleon Guerrero:

This is to inform you that I have signed into law, House Bill 18-201, HD3, SS1, SD2, CCS1 entitled, “to make appropriations for the operations and activities of the Government of the Commonwealth of the Northern Mariana Islands, its agencies, instrumentalities, and independent programs, and to provide budget authority for the government corporations for Fiscal Year 2015,” which was passed by the Eighteenth Northern Marianas Commonwealth Legislature.

Pursuant to section 9(a) of Article III of the N.M.I Constitution, I must submit a proposed balanced budget to the Legislature on or before April 1st. The Legislature, in turn, must pass a balanced budget by October 1st. If no budget is passed by the first day of the fiscal year, the Government effectively shuts down in that no funds may be expended from the General Fund, except to provide essential government services. In past years, the Commonwealth faced uncertainty as to whether there would be a shutdown, but not this year. I applaud the swift action of the Eighteenth Legislature in working together to ensure that the budget for Fiscal Year 2015 reached my desk well before the October 1st deadline. This allowed sufficient time for my thorough review and avoid any concern about the possibility of a government shutdown.

Our goal in this budget is to continue to maintain fiscal sustainability. It is critical to bear in mind that although the Commonwealth’s financial resources have increased, a significant portion of the gains must be devoted to satisfying the Commonwealth’s obligation to the Defined-Benefit Plan members under the Final Amended Stipulation and Agreement of Settlement in Johnson v. Inos (Civil Case No. 09-23 (D.N.M.I)). If we do not meet our settlement obligations, a \$779,000,000 judgment will be enforced against

the Commonwealth. To avoid such a catastrophic fiscal situation, we must continue to pursue new revenue-generating measures.

In addition to funding our settlement obligations, we must find funds to support essential services: education, public safety, and health. We must also find funds to pay our utilities—the government needs power to provide these essential services. Parsing out utility payments to the respective government agencies (rather than having one central government utility account) was a good first step in last year's budget as it keeps agencies accountable and encourages them to review their utility bills for accuracy, and ultimately reduced utility bills. It is important, as you have done in this upcoming year's budget, to continue to prohibit the reprogramming of funds appropriated for utilities to ensure that agency funds remain available for payments to CUC.

Again, I commend your passage of the budget bill in such an expeditious fashion. It is important that the public have peace of mind in knowing that the government will operate come October 1st. That said, I have signed the budget bill with the following comments:

•Section 607. Salary Cap Exemption. This section overlooks my recommendation to increase the salary of the Secretary of the Department of Community and Cultural Affairs to \$54,000. This change was vital to put the DCCA Secretary's salary on par with the salaries of other cabinet-level appointees. I urge the passage of a separate legislation amending 1 CMC § 8245 at the earliest possible time to address this inequity.

Additionally, the section created inequities within the Department of Finance by increasing the salaries of only two division heads. Moreover, it also increased the directors' salaries without providing funding for the increase. These adjustments cannot be effectuated if funding is not identified and available within the current appropriations measure.

Furthermore, the salary cap exemptions are limited to Fiscal Year 2015. An amendment to the Salary Compensation Act should be considered to address changes given the changes in minimum wage.

•Section 708(c). PSS Appropriation. My budget submission for the Public School System accounted for 42 new positions and certain salary adjustments for existing positions. Notwithstanding the fact that this was accounted for, the measure that passed through the Legislature increased the funding for PSS by \$1,161,650 to hire 35 new teachers and cover salary adjustments. Rather than duplicate my efforts, the additional funding should have been earmarked specifically to pay for PSS's outstanding payments to the Commonwealth Utilities Corporation. Further, this section should have specifically stated that \$3,419,511 of the PSS appropriation goes toward the Maintenance of Effort Agreement payments for FY 2010 and part of FY 2011.

•Section 713.Commonwealth Worker Funds. This section recommends allocating \$400,000 of the Commonwealth Worker Funds to the Northern Marianas Trade Institute (“NMTI”). Pursuant to 48 U.S.C. § 1806(a)(6), Commonwealth Worker Funds may only be used “for the purpose of funding ongoing vocational educational curricula and program development by Commonwealth educational entities.” Accordingly, NMTI must submit documentation of its vocational curricula and program objectives before it can be considered for Commonwealth Worker Funds.

It is critical that we, the political leaders of Commonwealth, continue to pursue all avenues to improve the economy. We cannot become stagnant, we must be proactive. The Executive Branch is committed to pursuing enforcement actions to collect revenue, and I ask the Legislature to strive to find new sources of revenue to encourage the growth of our economy. I am dedicated to do all that I can to help the Commonwealth thrive. The Commonwealth can only grow and improve if we work in a cooperative fashion and stay focused on doing what is in the best interest of the people as a whole.

This bill becomes Public Law No. 18-66. Copies bearing my signature are forwarded for your reference.

Sincerely,
